

UNIT – 3 _CHEMISTRY

- Explain the construction and working of Photovoltaic cell.

- PEM

- Extraction of Gold

- For 2 marks small questions like Advantages, Applications, Disadvantages of P V cells could be asked.

- Sources and need for e waste management.

- What is green fuel? Mention some advantages.

- What are the health hazards(ill effects) due to exposure to E- waste?

- Advantages of recycling.

- Hydro metallurgical and pyro metallurgical process.
